

ScoreStream for High School Sports

Get in the game with ScoreStream to cover your high school sports in **realtime**. Post your team's scores, photos and video in the ScoreStream mobile app!

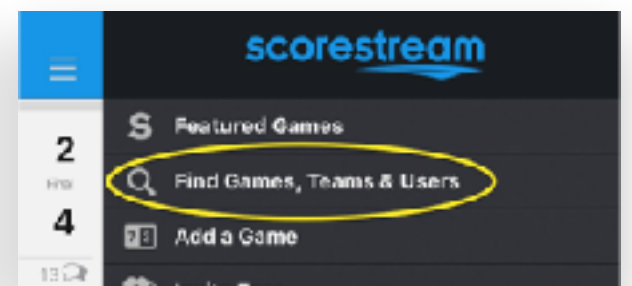

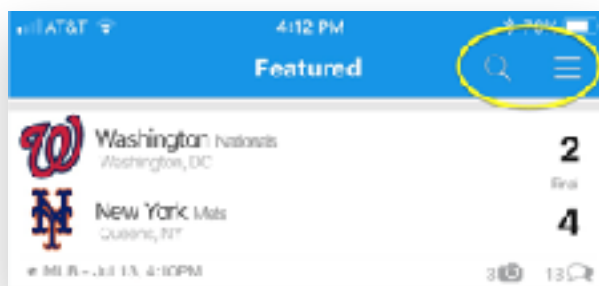

1. Download the **Free** App

Click the app store logo to download the app

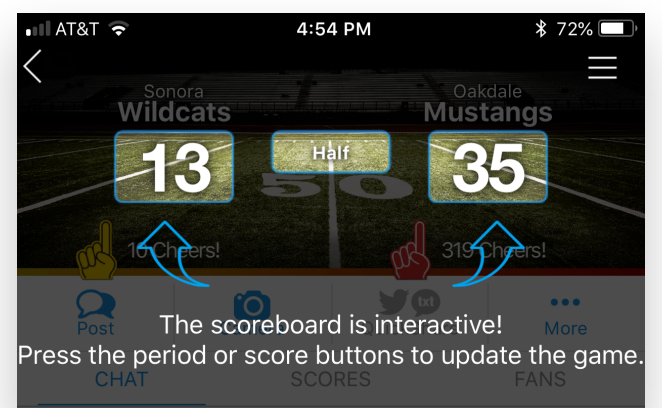

2. Search for your team

Search for your team using the **search** icon in the upper right.

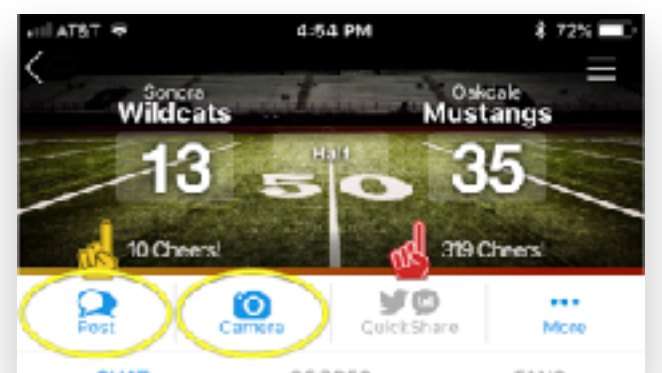

3. Score a game

Choose your game and tap on the scoreboard to enter the score. Then watch your score update in realtime on our local media partners' websites and in the newspaper! It's that easy.

4. Post and share videos

Click the photo icon to post a photo or video from your phone. You can also post to Twitter and Facebook and Scorestream will even auto-generate the score text for you!

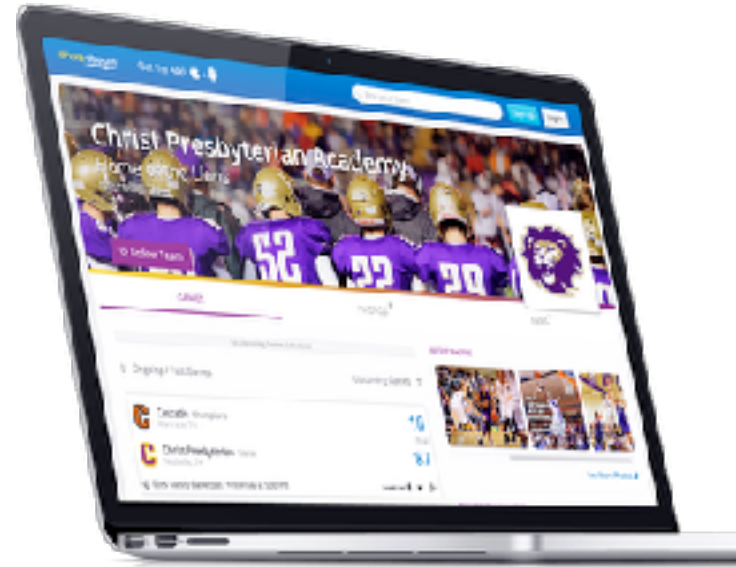

Questions? info@scorestream.com

Got the basics? Take it to the next level!

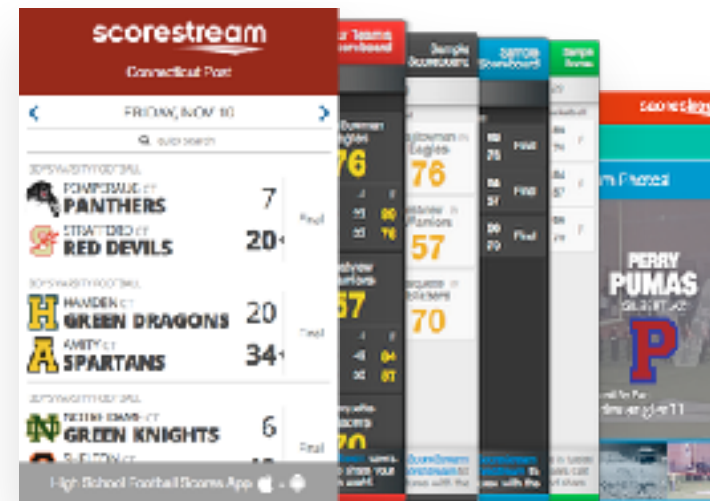

1. Become a General Manager

Click [HERE](#) and become the "GM" of your team. You can add **custom photos, logos, game venues** and be the ultimate **super fan** for your school's sports program.

2. Got a website? Get a scoreboard

With only a few clicks you can showcase all the games in **realtime** right on your school's website. ScoreStream also has **Gallery Widgets** that show off the top photos and videos from every game

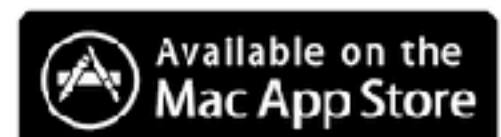

3. Get SportFX!!!

Super easy to use photo and video editor made just for sports highlights!

Tons of customizable templates that include scores, mascots, logos, team colors, and everything else ready to go.

SportFX is already in the ScoreStream mobile app. [Click](#) to download **SportFX Studio** for both Windows or Mac (**its free!**)
